

Disciple-making Discipleship (DMD) Summit 2.0 Fall 2024

WHY: The North American church has a strong “church culture” but often lacks a “disciple-making discipleship culture” that Jesus call us to in Matthew 28. As a result, we celebrate good things at the expense of ultimate things, which creates a culture that is antagonistic to the kingdom movement Jesus longs for.

“Fewer than 5% of churches in the US have a reproducing disciple-making culture.”

*“If you make disciples, you always get the church.
But if you make a church, you rarely get disciples.”*

Mike Breen

WHAT: Gathering of like-minded leaders seeking to: Re/establish kingdom movement through a biblical DMD culture, that is ultimately released through every disciple of Christ (1 Peter 2:9; Acts 4:13).

The DMD Summit 2.0 is designed to create... *(Disruption, Detox, Discovery, Definition, Development, Deployment)*

- An environment for a Holy Dissatisfaction to pervade and a healthy detox to unfold against the status quo
- Create dynamic and ongoing dialogue with others on the same journey
- A place for personal engagement and transformation to take place (starts in us first)
- Create an environment for a new culture to be formed (not a program)
- A stage to launch your next steps in living a DMD life (Deployment)

HOW: The DMD Summit 2.0 will be a combination of personal pre-study and reflection, large group training and lab work, cohort discussion and learning, personal reading / listening and study, and sharing what you are learning and experiencing with 1 person in your local area.
