- We thank the L-d for a safe transition to our new home in Eastern Europe. We are starting to find our niche in the min. here.
- Please p-y for the development of the ch-ch here as it has outgrown its current facility. We do want to see the min. expand while we are here.
- Please p-y for the continued development of the Maternity Home as they look to have more women in the home and start developing locally based support.
- Please p-y for our visas as we are having to start the application process over again for long-term visas.

Praise

Please rejoice with us! *Felicia and *Chad became our Sister and Brother- Felicia in January and Chad in February. Praise God!

Our Father has lead us to many wonderful and curious people in the past 20 months!

Prayers:

We return every 20 months for our home assignment during which we share with many of you face to face much of what our Father has been doing in this part of the world, and letting you know how you can be a part of that ongoing work. We arrive(d) in Wisconsin on March 13!!!!

Please pray for ease of transition for not only us, but for our children and our grandchildren.

Please pray for ongoing discipleship for Reem, *Felicia and *Chad to take place even though we are far from them for these months.

Please pray that our Father would remove the veil from *Adam, *Corrie, *Sara, *Darlene, and *Avery- people we had been having Studies with right up to the day we departed for the US.

Please pray for the continuing work of the English school that we manage- that it will prosper in our absence.

Please pray for a mighty movement in the hearts of those in the Western Great Lakes District by our Father- a fresh outpouring of His Spirit on each church- and a deepening love for Him and His word.

As this spring arrives in K'stan, we have very mixed emotions! We are preparing to return to the USA for Home Assignment, and because of the lack of teammates, we have had to close our language center. This has been a major disappointment, especially as we had finally reached our goal for the number of students we had. We were also building good relationships with our students. However, in the process

of closing the center, we were dealing even more with our local accountant and continued earlier spiritual conversations. And then he accepted our invitation to come to church for Easter Sunday. He even brought a friend with him! They both had a conversation with the pastor afterwards and accepted a Bible and some literature. There were probably about 20 guests all together at the service, bursting our capacity!

Please pray for our accountant and the other guests, that God would speak to them, confirming the word they heard proclaimed on Easter.

Pray for us as we finish our time here before Home Assignment, to finish well and that all the necessary details would get completed.

Pray for our daughter as she prepares to transfer to a 4 year university. Hard to imagine that she will already be a junior in university! This past year has been really, really good for her. We trust that she will flourish even more next year!
